ORDER

On March 10, 2015, Kentucky Power Company ("Kentucky Power"), filed a petition, pursuant to 807 KAR 5:001, Section 13, requesting that the Commission grant confidential protection to Kentucky Power's supplemental responses to Kentucky Industrial Utility Customers' data requests ("KIUC Requests"). Kentucky Power requests that its response to KIUC Request 1-67 remain confidential through 2016. The material for which Kentucky Power requests confidential treatment contains the projected generation for 2015 and 2016 from each of Kentucky Power's generation units.

In support of its petition, Kentucky Power states that disclosure of the designated information would permit an unfair commercial advantage to Kentucky Power's competitors if it were publicly disclosed, and thus is generally recognized as confidential and is exempt from public disclosure pursuant to KRS 61.878(1)(c)(1).

Having carefully considered the petition and the materials at issue, the Commission finds that the designated materials contained in Kentucky Power's

response to KIUC Request 1-67 meet the criteria for confidential treatment and are exempted from public disclosure pursuant to KRS 61.878(1)(c)(1) and 807 KAR 5:001, Section 13. The Commission further finds that the designated information should not be placed in the public record or made available for public inspection for a period of time ending on December 31, 2016, or until further Orders of this Commission.

IT IS THEREFORE ORDERED that:

1. Kentucky Power's motion for confidential protection is hereby granted.
2. The materials set forth in Kentucky Power's response to KIUC Requests 1-67 shall not be placed in the public record or made available for public inspection for a period of time ending on December 31, 2016, or until further Orders of this Commission.
3. Use of the materials in question in any Commission proceeding shall be in compliance with 807 KAR 5:001, Section 13(9).
4. Kentucky Power shall inform the Commission if the materials in question become publicly available or no longer qualify for confidential treatment.
5. If a non-party to this proceeding requests to inspect materials granted confidential treatment by this Order and the period during which the materials have been granted confidential treatment has not run, then Kentucky Power shall have 20 days from receipt of written notice of the request to demonstrate that the materials still fall within the exclusions from disclosure requirements established in KRS 61.878. If Kentucky Power is unable to make such demonstration, the requested materials shall be made available for inspection. Otherwise, the Commission shall deny the request for inspection.

6. The Commission shall not make the requested materials available for inspection for 20 days following an Order finding that the materials no longer qualify for confidential treatment in order to allow Kentucky Power to see a remedy afforded by law.
